New Seasons Styles at Euro

This season let Yvonne at Euro give you a dramatic new look to suit your style.

Individually made garments are also their specialty, exclusive made to measure in luxurious imported fabrics. This exceptionally stylish boutique, which boasts 3 stores, has ranges to set you up in style from top to toe. Shoes, hats, accessories are the extras you will find to complement some of the best labels imaginable.

This amazing service offers you a custom made outfit with the advantage that clever tailoring can disguise or enhance your figure's conformities. Appointments can be made exclusively with Yvonne by speaking with staff at any of Euro Collection's three outlets in Mornington, Mt Eliza and Armadale.

New season stock is arriving now at **CLIENTE** (pictured right) where their range of women's fashion is set to almost double. Late last year Cliente decided to stop stocking men's wear and the extra space is filling fast with new labels and a larger range for women.
