

Exciting New Collection at Gouzlan

Farid Madkour of Gouzlan Egyptian Jewellery has recently returned from an overseas business trip. The success of this trip has exceeded his expectations and he returns with a vast new collection.

Whilst in Paris Farid was assisted by Madam Sandra Bakare the Purchasing Manager for Galeries Lafayette and he will be forever grateful for her invaluable assistance as Galeries Lafayette is the home of the most famous fashion designers such as Versace, Louis Vuitton, Dolce and Gabbana, and Yves Saint Laurent and has 40 Branches in Paris alone.

Farid's new collection has some exciting new French and Italian pieces to compliment the new Egyptian collection. A special new piece is the Egyptian handmade Turquoise & Lapis vase. This vase is a stunning mosaic of colourful stones and takes pride of place in the shop.

Farid has expert knowledge on the pieces in his collection which includes gold, diamonds, semi-precious stones and silver. All pieces are unique and you will be delighted when you visit Gouzlan Egyptian Jewellery in Ranelagh Arcade in Mt Eliza.
