

Quality Hardwood Furniture and Fantastic Service at Tigerlily

Shopping for furniture is never easy as there are so many stores to look at. It all usually starts with a nice day out covering a few of Melbourne's suburbs, then a few home centers and so on. Then you start to get frustrated as everything looks the same. You either find the right piece but its the wrong colour or the the wrong size and they can't make the changes that you want.

At Tigerlily Furniture we make the experience an enjoyable one by giving you the choice to select your hardwood furniture to be made from many species of timber, as well as a wide range of stains.

We specialise in giving our customers more choice than your typical large furniture retailer that concentrates on selling imported product purely based on price. They cannot make changes to suit the customers needs, and quality is not high on their list of priorities, as competition does not allow them the luxury. They must look after the shareholders first.

Tigerlily Furniture, is owned and operated by a local family that has been servicing the Mornington Peninsula for almost seven years.

We have been able to give our customers the best service possible and we have on offer some of the finest furniture that this country has been able to produce. If you come in and visit our showroom you will see why it pays to buy quality Australian furniture rather than imported copies that just dont live up to the expectations of our everyday use.

So If you have been looking for that beautiful Redgum dining table or that magnificent Victorian Ash lowline tv unit and matching coffee table, why dont you come and see us and you

might even like to sit yourself in one of our superbly comfortable sofas, lounge suites, and ottomans which we can custom make to suit all of your requirements.

We also can also cater for people that are looking for the perfect modular or chaise lounge suite that needs to fit a particular size room. We have a great range of Warwick fabrics and quality leathers to choose from.

So visit our showroom when you are searching for your next piece of furniture as you will find Tigerlily Furniture is the store to service you well and truly above all expectations.

- Looking forward to seeing you, Dale
