

Bold With Colour

We are very responsive to colour and Spring is the perfect time to cast off our dull winter tones and inject a little light into our lives. Be bold and experiment with paint and accessories to give your home or workplace a new and updated atmosphere.

To lift our spirits in these difficult economic times the colour authority for the design industries, Pantone has announced 2009's colour as Yellow (Mimosa).

Chosen for its warm, vibrant and optimistic qualities yellow in all its shades has been welcomed like spring itself by Couture & Interior Designers alike.

For a Colour Consultation or other Design Services,

See Kellie and her team for friendly service and expert advice at Harvey Norman where you will find a huge range of beautifully presented bedroom furniture, manchester & accessories.

SORRENTO FURNITURE commenced trading in 1986 and has become one of Australia's premier boutique furniture manufacturers.

Reputation has grown through specialist manufacturing of assorted sofa designs for independent boutique furniture retailers, architects, interior designers and for the fastidious consumer. High quality re-upholstery services are also offered.

Sorrento Furniture achieves the highest quality and attention to detail in every project they undertake, whether it be a "one off" specialty

design, for domestic or showroom purposes or a large quantity for retail commercial fit-out.

All furniture is proudly manufactured on the Mornington Peninsula and potential clients are welcome to visit the Showroom/Factory at 10 Bennetts Rd, Mornington.
